

Risk Management Partners for your **TOOL AND DIE MACHINE BUSINESS**

Precision. Accuracy. Dependability. These are the qualities that you strive for in your business. You need a partner that understands the risks you face, in order to protect your business. We at Missouri General, are already that partner for hundreds in the metal manufacturing industry.

Our custom-tailored programs are designed to provide superior value and coverage with Precision, Accuracy, and Dependability.

Our core values are:

- We take the time to learn about your business and your specific needs
- We apply our decades of insurance experience to design risk management and insurance programs to your unique situation (No off-the-shelf insurance)
- We take a consultative approach to educate you on the options available for your program
- At all times we uphold trust, honesty, and integrity in our client and carrier relationships
